- Juniors & Hobby – 25 EUR

Free practice:

- Race track will be shown to racers in the briefing by course marshals
- Afterwards free practice by groups will be held (see the schedule above)
- If more racers are sharing ski – this can be done within the practice group (15 min for each group)
- Racers will be **guided through start** by course marshals before every class for Moto 1

Start procedure:

- Starting grid position – first choice for racers considering results in the previous Latvian Championship round
- Beach start with marshal and traffic light:
 - Marshal whistles and gives sign to start the engine – yellow light goes on
 - Yellow light will go off and between 2-5 sec **green light goes on** – sign to start
- Maintaining lane – all riders must maintain their lane until the 50% of the distance of the 1st hole shot (subject to 1 lap penalty)
- Early start – if recognized, moto will be stopped and re-started; rider with early start places his key on the helmet (no holder allowed) and key can be placed in ski only when the green light goes on. Early start is not cancelled towards rider if another rider starts early in the repeated start.
- All riders (including juniors) must keep **both feet** on the ground until race starts (otherwise 1 lap penalty)
